Officia palatina Procurator Regni Ordinis.

Cabinet du Régent de l'Ordre. The office of the Regent of the Order.

Magisterial Decree of Expulsion and Cancellation

DM/2020-01.

Given the permanence of acting contrary to the Rules, Statutes, Regulations and Basic Principles of the “Sovereign and Military Order of the Temple of Jerusalem OSMTJ” perpetrated by:

Ronald Scott Mangum

Given the often infringement of the above-named and especially the serious fault committed by them of not respecting the only vote still in force of the 3 votes of Knights Templars - that were chastity, poverty and obedience - , vote which is that of “*obedience*”, Given the fact that one or more named persons pretend -without bringing the proof of their assertion-, that legal elections were hold and that a new Grand Master of the OSMTJ was voted, The decision of vote of a Grand Master- not of their competence –, by a majority (minority) of Grand Priors, was taken under hidden conditionsactions capable to endanger the unity of the Order and bring confusion and doubt within the Order as a whole and of many Knights Templars as individuals. They are authors or participants to the Declaration of results of the fraud election and its results as void. Given the fact that they pervert the very spirit of the Rule of the Temple. Given the transgression of many articles of the Primitive Rule of the Templars, of the

Charters and Regulations of the "Sovereign and Military Order of the Temple of Jerusalem OSMTJ", of which:

1/. Non-statutory called elections, no delay for reflection, selective announcement for different members of the Order : 4 from 5 Members of the Magisterial Council were not advised that an election was called! The same concerning the acting Regent! The election was shorthand announced and had to follow after 1 or 2 days! The spirit of Ancient Laws is not respected but overcome! See art. 198 to 223 "Election of the Master" in the original "Rule of the Templars". This is only one of the proofs of a clear manipulation of a non statutory called election! Ronald Mangum uses the "elements of the Rule" to justify his sedition! He thought that nobody will search the original text and the "authentic elements". We did this! Articles 198 to 223 of the "Rule of the Templars" offer us a complete text: we read that an election will take place if the Master died or is absent, the Marshall has to organize the vote. A long lasting procedure, asking time, patience and wisdom, are at the basis of a just choice! There is no justification in all this paragraphs for an "emergency" vote by means of various means in hand of a traitor, a conjure! Ronald Mangum betrayed you all who participated to this illegal vote! Each one of the participants to this conspiracy will have to respond about their behaving! Such an important vote can not be decided in one day and immediately start! It is contrary to the prescriptions of the Rule of the Templars! . **2/.** Falsification of result: Priors that are no more in the OSMTJ are numbered as voting for Fr. Ronald Scott Mangum: England and Wales (resigned, no Priory), Argentina (espelled), Puerto Rico (espelled) . Presented as having voted for Mangum: Grand Prior declaring not having voted (Belgium). **3/.** Use of different arguments for their personal satisfaction and in order to justify their non-statutory activity: in order to diminish the position of the Regent and of his 4 faithful Counselors!

From the last group only one Magisterial Counselor from 5 betrayed: Ronald Scott Mangum, having the presumption to believe that he is the best person to lead OSMTJ! His dream: to appear in mixed Military and Templar outfit! Fulfilled!

4/. They are lying when pretending that trials to elect a new Grand Master were not done before: 3 trials were done by Regent Hastier (in Belgium, France and Italy): no result because the number of voices required for election was not reached! 5/. Repeated past actions capable to damage the Order and to distract attention (false written declarations of fidelity, perjury, conspiracy concerning specially Ronald Mangum, followed by explanations excuses and (fake) declarations of fidelity to the Regent.
